Hand-drawn UI sketch for a "Edit List" application. The interface includes a title bar "Edit List" with a close button "X". Below the title bar are three buttons: a crossed-out box, "wav", and "use". A "List Name" input field is followed by a "Link all groups" button. The main area is a table with the header "Items" and four columns: "Name", "Info", "Link", and "edit/del". At the bottom is an "Add item" button.
